Migratory Bird MOU

- Final draft was distributed to U.S. Fish and Wildlife Service (FWS) in March for review.
- HSS received FWS comment late June; HSS and OGC have responded to the comments.
- Once OGC finishes its review, HSS will send Final draft MOU to Migratory Bird Work Group.

Migratory Bird MOU (cont)

- OCG requested a written “OK” from each WG member representing their PSO and sites prior to formal concurrence.
- Workgroup members will need to brief their management and provide OK to HSS.
- HSS will then start official review and concurrence process.
- HSS-1 and NA-1 will sign the MOU for DOE based on PSOs’ concurrence.

Other EO Requirements

- DOE Migratory Bird Workgroup is to support HS in coordinating and carrying out various functions of Council on Migratory Bird Conservation:
 - Presidential Migratory Bird Stewardship Award
 - Annual Report of Accomplishments
 - Due in January and February, respectively.
 - Plan for WG to report using FWS and DOE electronic reporting systems.
 - Call July 26th with Workgroup to discuss and get buy-in.
